From the Team

Welcome to our winter issue for 2014! This issue will give you some great ideas for the colder months. There are knitting patterns for the whole family from babies to kids to the grown ups.

You may want to try our cover piece created by Biggan Dups of Biggan designs. Her wool and design ideas are some of the brightest and inspiring creations in Australia. Biggan's yarn is loved by knitters all over the world. We have some great winter pieces so make sure you choose your favourites and start knitting.

We also have all the latest trends and news in the world of knitting. We hope you enjoy every page.

A new issue of Australian Knitting is on sale every 12 weeks, so keep an eye out at your local newsagent. Taking out a subscription will ensure you don't miss out on any issue, you'll enjoy savings and each magazine will be delivered directly to you.

We always enjoy hearing from our readers so please send us an email or letter. Please send emails to simon@wpco.com.au or mail to Woodlands Publishing PO Box 8035 Glenmore Park 2745.

Simon and the team

We'd like to thank the The Norman Lindsay Gallery for the use of their fantastic grounds and facilities for the back drop to this issue's photographic shoot.

Knitting clubs, knitting cruises, shows, fairs and fetes are all on the 'news snippets' menu this edition. So make a 'cuppa', sit down and enjoy!

By Susan Cordes

What is a knitting club?

Knitting clubs around the globe operate in different ways – some clubs knit for charity, some are social groups that 'knit and natter', whilst others are more commercial and offer top knitwear designs on a monthly basis with kits that include all the materials you need to complete the mystery project. For a great listing of knitting clubs go to:- <http://stitchnbitch.org/Australia/index.html>

Knitting Communities

Take a look at www.ravelry.com for contact with some wonderful people in the knitting world. You can exchange experiences, organise and find new projects and much more! Signing up to this website is easy – just register as a new user and create your username and password – then you can enter the groups such as "Friends of Katia" and start interacting with like-minded people from around the world. Another one to explore is 'knitpicks'. <http://community.knitpicks.com/>

Knitting Cruises

If you are into cruising, take a look at the knitting cruise on offer with craft cruises. Craft yarn council certified teacher Gwen Bortner will be your tutor on this exciting Alaskan cruise. There is time for learning, exploration and

meeting other knitters and takes place in July.

Interesting Craft Shops to Visit

Black Sheep Wool 'N' Wares has a huge range of yarns, books, patterns and knitting accessories. It also stocks handmade garments and felted products. Situated in the Northern Tablelands in the small town of Guyra, north of Armadale in NSW, it is a great place to stop off and browse.

Wangaratta Woollen Mills originally opened in 1923, produced a wide range of quality yarns - and at one time was Australia's largest mainland mill. Over the years many changes took place, which enabled the merger of the Wangaratta Woollen Mills with Cleckheaton and Panda Yarns. This progressive conglomerate soon

acquired Yarra Falls, Patons Australia and Shepherd of New Zealand. Now called ACS – Australian Country Spinners it covers the main yarns available in Australia. www.auspinners.com.au

Fashion Trends

by Susan Cordes

With winter well on its way, trends change to meet the new seasons demands, in colour, design, style and of course material. This colder season sees specialty yarns top of the list made from mohair, merino sheep, yak and even corn! Whilst chunky yarns that knit up fast and are nice and warm are in the fore, along with arm knitting, small loom knitting and one-skein projects.

Poncho by Biggan Designs

Trends for the man in your life

Fluffy knitted jumpers for the blokes – Givenchy shows them off with slouchy trousers, whilst Paul Smith is rocking and rolling teaming jumpers up with leather trousers. Louis Vuitton is into stripes this season – so a good mix to take your fancy! Shapes for men include round-neck knits, pie-crust necklines, fair-isle knitted waistcoats and tank tops, zipped cardigans and believe it or not – twinsets!

Colours to work with

Colours this season are varied and include:-

- Pinks
- Whites
- Blues – imperial blue to royal blue and inky blue
- Emerald – to sky tones
- Grey
- Tan
- Greens

However the bottom line is – go with what suits you or the person you are knitting for. I for one, feel autumn and winter colours should be bright and bold to cheer up the grey sky! Every season sees yarn manufacturers create more complex yarns that are twisted and dyed and include mixed and sometimes unusual

combinations of fibres and synthetics. Winter 2014 showcases wool and in particular Merino wool offering substantial knitwear that is warm and fashionable. Novelty yarns are still around albeit that they are now made from a wide range of fibres that create so many different effects and colour combinations.

General Trends

General trends this season highlight knitted waistcoats, large wool scarves alongside patterned knits in classic, chic and casual styles. Thick ribbed sweaters and blanket-like ponchos, knitted midi length skirts and long sweaters.

'Make It Yourself'

More and more people are yearning to create their own items, whether it be food or fashion items, home-wares or accessories. Check out Pinterest to join this wonderful crafting community and get some inspiration to design and make your own knitwear or accessories. You don't need to be an advanced crafter or knitter. Perhaps you already have a pattern that you can modify and make your own or just want to add something simple such as an embellishment to create your own unique item. <https://www.pinterest.com>

'Big is Best!'

2014 sees 'big' knitting – supersized knitting needles and crochet hooks used to create chunky, oversized

Hats and Scarves

The Wool Lab (<http://www.woolmark.com>) suggests seven themes for Autumn and Winter:-

The Club	Inspired by the sophisticated elegance of London Clubs with a leaning towards the 1900's style
Highlands	Shetland and Donegal knits
Simple Chic	This is all about simplicity – yarns are 100% wool or wool and silk. Crepe and boucle are also around
Fairy Tale	100% wool dominates again assisted by boucle, chain yarns and printed yarns
Street Market	You guessed it! Wool again although this time mixed with mohair, alpaca or cotton. Featuring a 'handmade' look
Cinque Ports	Thick yarns made of 100% wool or wool and linen/cotton mix
Xtreme knitwear	Wool of course dominates – paired with slubby type yarns and chain yarns

Fact File

- Merino wool provides stability, resilience, softness and luxury to the tailoring industry. The fibre has long been a favourite of designers, but younger consumers, born in an era of 'disposable' fashion know too little about the natural benefits. Wool is a 100% natural and renewable fibre. Sheep live on grass, water, fresh air and sunshine. Wool is a fibre that is grown – not manmade. Every year sheep produce a new fleece; making wool a renewable fibre source. (Ref:
- The Woolmark Company is the world's best-known textile fibre brand, established in 1964. The Woolmark brand owned by Australian Wool Innovation. (AWI) is a not-for-profit company owned by over 27,000 wool growers. AWI's vision is to be a significant contributor to a vibrant, stable and profitable wool industry providing the world with the best natural fibre. The company works throughout the global supply chain – from woolgrowers through to retailers. The Company mission is to enhance the profitability, international competitiveness and sustainability of the Australian wool industry; and increase demand and market access for Australian wool. (Ref: <http://www.woolmark.com>)
- Pinterest is a visual discovery tool that people use to collect ideas for their different projects and interests. People create and share collections (called "boards") of visual bookmarks (called "Pins") that they use to do things like plan trips and projects, organize events or save articles and recipes. The site was founded by Ben Silbermann, Paul Sciarra and Evan Sharp. It is managed by Cold Brew Labs and funded by a small group of entrepreneurs and investors. (Ref: Wikipedia)

stitches. Check out <http://www.woollythinking.org.uk/> for some supersized handmade knitting needles. Arm knitting and the use of 'Speed Stix' type knitting needles. Yarn is thick and quick to knit up. Take a look at Lion Brand's offerings (<http://www.lionbrand.com>) for some wonderful yarns to work with such as 'Wool Ease Thick & Quick' and 'Homespun Thick & Quick'. Knitting with thick needles isn't for everyone and it does take practice to achieve a good result and feel comfortable using this type of knitting needle. If you want to know more about knitting with big needles take a look at Amazon – 'Knitting with Giant Needles' by Hanna Charlotte Erhorn or 'Fast Knits: Fat Needles' by Sally Harding also available on Amazon. (www.amazon.com or www.amazon.co.uk)

Baby Knit Fashions

Many traditionalists still knit in pale pink for girls and pale blue for boys, some venture into pale green or aqua, however colours for babies have now met fashion trends with the result that blankets are knitted in bright, bold colours and babies sweaters and matinee jackets are not just knitted in white or lemon, blue or pink – but a host of colours from the myriad of baby soft yarns now available. Check out this amazing organisation: <http://theaustralianoutbackbabyproject.weebly.com/>.

According to their website: The Project is made up of many wonderful volunteers from mostly Australia and some from around the world. We knit, sew and quilt; felt and or crochet clothes and items for donation to hospitals, Outreach clinics and remote midwives in Outback Australia and

Hand Knitted Ponchos and baby knits

rural New South Wales. Also 'Careflight' NSW and NT, so that they can donate the gift sets to grieving families of stillborn and miscarried babies and give comfort to preemie babies whilst in hospital and their flight to hospital.'....

Finally, if you would like to knit for charity take a look at these websites that are always needing new members and avid knitters; whether you are a beginner or at an advanced level it doesn't matter:-

- <https://au.groups.yahoo.com/neo/groups/knit4charities/info>
- <http://www.knittersguildnsw.org.au/charity>
- <http://knit4charities.webs.com/>
- <http://www.artsandcraftsnsw.com.au/Wrap.htm>

Knitting for charity, is not only a satisfying way to do 'your bit', but also helps knit up those little odd balls of wool floating around your stash that you are not sure what to do with! If you attend a knitting charity event you get to meet other knitters – a lovely social way to knit. So have a go – even a knitted square or few helps! ■

Trivia

- Pure American Naturals, an Amish group in the USA, has 230 mohair goats that are humanely treated, and spins yarns that are sustainable. The fibre is lightweight, shrink-resistant and lustrous; wicks moisture; resists odours; and is warm in winter and cool in summer. The company has been selling mohair yarns through a small network of knitters and is now looking to include weaving customers. (Ref: spin expo)

Please Note! When changing colours work both yarns into first st, then cont in new colour only. This secures the yarn and gives a much nicer edge line.

WORKING PATTERN

With *Mc and size 4.00mm needles cast on 90 sts. Work triple rib (K3, P3 alt) until ball of yarn is finished. Cont working strips as follows:

Cc1 14 rows,
Cc2 until ball of yarn is finished,
Cc1 14 rows,
Mc until ball of yarn is finished
Cc1 14 rows,
Cc3 until ball of yarn is finished,
Cc1 14 rows,
Cc4 until ball of yarn is finished
Cc1 14 rows

Rep from* one more time until Cc4, which is worked until 4 – 6 metre/ yards of yarn remains.

Cast off quite loosely in triple rib so edge stays elastic.

MAKING UP

Fasten off all loose ends.

GETTING STARTED

Grid Pattern

Row 1 – 4: ** work moss st

Row 5 – 14: *K10, 5 moss st rep from * to end of row.

Rep from **

These 14 rows form grid pattern.

Moss.st

Row 1: K1, P1 rep until end of row.

Row 2: P1, K1 rep until end of row.

These two rows are rep so K st goes over P st and P goes over K st.

KNITTING ON CIRCULAR NEEDLES & DOUBLE-POINTED NEEDLES

When knitting beanie and wrist warmers on circ needle/double-pointed needles (DPNS) you have no seams to sew together at the end of work.

Beanie wrist warmers and cable scarf

To knit st st on a circ needle you only make knit sts (No Purl sts) as you always knit in the same direction, like a spiral. This makes knitting very even, easy and quick. The garments are ready to wear as soon all loose ends have been fastened!

KNITTING BEANIE & WRIST WARMERS ON STRAIGHT NEEDLES INSTEAD OF CIRCULAR NEEDLES

Beanie and wrist warmers can be knitted on straight needles if you prefer this. Just add 2 extra sts for seams. With yarn sew beanie and wrist warmers together in a backstitch.

WORKING PATTERN FLOPPY BEANIE

With Mc cast on 100 sts with size 4.00mm circ needle (40 cm).

Close the loop to start knitting in the round, which means that beg and end of row is where first and last sts meet (and where piece of yarn left from casting on will be hanging down). Make sure that all sts are hanging down in the same direction, so edge is not twisted!!

Work single rib 10 cm.

Change to st st (**Note: St.st is only Knit sts on circ needle**).

On first row inc1 in every other sts so there are 150 sts at end of row.

Work 3 rows moss st grid pattern for beanie.

Rep from* until beanie measures 32 cm.

Next Row: dec every other st, so you end up with 100 sts at end of row.

Work 1 row.

Next Row: dec1 in every st so there are 50 sts left on needle.

MAKING UP

With a big sewing needle thread a double piece of yarn through all the sts left on needle and tie together with a firm knot on the inside of beanie. Fasten off all loose ends. Fold up single rib once to wear.

WRIST WARMERS

Note: You can work these wrist warmers either on DPNS the usual way or on a long circ needles in the Magic Loop way. It is for you to choose which you best prefer.

DPNS cast on:

With size 4.00mm straight needles cast on 40(48, 56)sts.
Work 1 row double rib and then distribute sts evenly over three size 4.00mm DPNS with 14(16, 18)sts on each needle.
Close the loop to start knitting in the round, which means that beg and end of row is where first and last sts meet.

Magic Loop cast on:

Cast on 40(48, 56) sts on the size 4.00mm (80cm) circ needle.
Work one row double rib and then close the loop and knit in the round, following instructions on Magic Loop knitting on www.youtube.com.

Make sure that all sts are hanging down in the same direction, so edge is not twisted.

Work tight double rib.

See that yarn is held tightly when knitting from one needle to the next, so tension on sts remain even throughout row.

After 6 cm in the round work 10 rows back and forth to form opening for thumb.

Go back working in the round.

When work measures 34(36, 38)cm, cast off loosely so edge stays elastic. Knit one more wrist warmer.

MAKING UP

Fasten off all loose ends. Wrist warmers are ready.

CABLED SCARF

With size 4.00mm needles and two strands of DK yarn cast on 19 sts.

Work 6 rows moss st.

On next row start following instructions for cabled pattern,

Row 1: Work *3 moss st, P2, K9, P2, 3 moss st.

Row 2: Work 3 moss st, K2, P9, K2, 3 moss st.

Rep from * 5 times. Total of 10 rows.

Row 11: **Work 3 moss st, P2, put next 5 sts on CN in front of work, K4, K5 from CN, P2, 3 moss st.

Row 12: work as row 2

Row 13 to 28 ** work as Row 1 and 2 eight times. 16 rows.

Row 29 and 30: work as Row 11 and 12

Rep rows 13 – 29 from ** 13 times
Work row 11-12 once more and rows 1-2 five times. 10 rows

Work 6 rows moss st

Cast off.

MAKING UP

Fasten off all loose ends.

GLOSSARY

BEGINNER'S TOOL KIT

PINS

Plastic-head pins are useful for checking tension and blocking out items. Pins with coloured heads are best because they do not get lost in your work.

ROW COUNTER

A row counter is helpful for keeping track of rows worked, particularly where increases, decreases or other kinds of patterning occur.

KNITTING IN ELASTIC

Elastic yarn prevents sagging in cuffs, collars and waists. You can work it in with knitting yarn on knitted or crocheted garments.

KNITTING NEEDLES

Knitting needles are made from plastic, aluminium or wood and come in varying lengths and widths. Straight needles come in pairs and doublepointed needles come in sets of four.

KNITTING BAG

A knitting bag is essential for those who like to knit 'on the go'. Not only is it a practical way to keep all your knitting paraphernalia together, it also helps keep the yarn clean and tangle-free.

CIRCULAR KNITTING NEEDLES

Circular needles have two working ends joined by a thin nylon wire. They are more balanced than straight needles and allow the weight of your work to rest in your lap.

TAPE MEASURE

A basic tape measure is essential for checking your garment measurements.

KNITTER'S NEEDLES

Knitter's needles need to have a large eye and a blunt point so they do not split stitches when sewing up your knitting.

STITCH GAUGE

A stitch gauge is a flat piece of metal or plastic with a ruler marked on one side and/or a window

cut out in the centre. It allows you to mark and measure easily and accurately.

STITCH HOLDER

A stitch holder is used to secure stitches not in use. You can also use safety pins for holding a small number of stitches.

Diagram 2

CASTING ON

Casting on is creating a row of loops on a knitting needle to form the base row for your knitting. One of the most popular methods of casting on is the cable cast on. Form a slipknot about 25cm away from the end of the yarn.

Place the slipknot on a knitting needle and pull gently to secure. Hold this needle in your left hand. Insert the right-hand needle through the slip knot. Pass the yarn over the point of the right-hand needle (see Diagram 1).

Pull a loop through the slip knot with the right-hand needle (see Diagram 2). Place this loop on the left-hand needle and gently pull the yarn to secure the stitch. For the remaining cast-on stitches, insert the right-hand needle between the slip knot and the first stitch on the left-hand needle. Wind the yarn around the point of the right-hand needle. Draw a loop through and place this loop on the left-hand needle. Continue in this manner until you have cast on the desired number of stitches.

KNIT STITCH

Diagram 1

Diagram 2

Once you have cast on, you then knit into the stitches you have made to form the knitted fabric. Hold the needle with the cast on stitches in your left hand, with the loose yarn at the back of your work. Insert the right-hand needle from left to right through the front of the first stitch on the left-hand needle (see Diagram 1). Wind the yarn from left to right over the point of the right-hand needle (see Diagram 2). Draw the

yarn through the stitch to form a new stitch on the right-hand needle. Slip the original stitch off the left-hand needle, keeping the new stitch on the right-hand needle. To knit a row, repeat these steps until all the stitches have been transferred from the left-hand needle to the right-hand needle. Turn your work, transferring the needle with the stitches on into your left hand to work the next row.

PURL STITCH

Diagram 1

Diagram 2

The purl stitch is basically the reverse of the knit stitch. Hold the needle with the stitches on in your left hand, with the loose yarn at the front of your work. Insert the right-hand needle from right to left into the front of the first stitch on the left-hand needle (see Diagram 1). Wind the yarn from right to left over the point of the right-hand needle (see Diagram 2). Draw the yarn through the

stitch to form a new stitch on the right-hand needle. Slip the original stitch off the left-hand needle, keeping the new stitch on the right-hand needle. To purl a row, repeat these steps until all the stitches have been transferred from the left-hand needle to the right-hand needle. Turn your work, transferring the needle with the stitches on into your left hand to work the next row.

CASTING OFF

KNITWISE

Knit two stitches. Use the point of the left-hand needle to lift the first stitch on the right-hand needle over the second, and drop it off the needle. Knit the next stitch on the left-hand needle so that there are two stitches on the right-hand needle again, and repeat. Continue in this manner until all the stitches have been worked off the left-hand needle and only one stitch remains on the right-hand needle. Cut the yarn, leaving a tail and thread the yarn through the loop and pull it firmly to fasten off.

Diagram 1

PURLWISE

Purl two stitches. Use the point of the left-hand needle to lift the first stitch on the right-hand needle over the second, and drop it off the needle. Purl the next stitch on the left-hand needle so that there are two stitches on the right-hand needle again, and repeat. Continue in this manner until all the stitches have been worked off the left-hand needle and only one stitch remains on the right-hand needle. Secure this last stitch as described in casting off knitwise.

Diagram 2

SUBSTITUTING YARNS

If you substitute or spin a yarn for a project, you can compare the weight of the yarn to the project yarn by comparing wraps per inch. Wrap your yarn around a ruler for one inch and count the number of wraps. If you have more wraps per inch than the project yarn, your yarn is too thin; if you have fewer wraps per inch than the project yarn, your yarn is too thick.

KNITTING TENSION

Checking your knitting tension, that is, the tightness or looseness of your knitting, is important. To check your tension, cast on 30 stitches using the recommended needle size. Work in the pattern until your work measures 10cm from the cast on edge then cast off. You now have a "swatch". Measure your tension by placing a ruler over your swatch and counting the number of stitches

across and rows down (including fractions of stitches and rows) in 10cm. Repeat these measurements two to three times on a different parts of the swatch to check your measurements. If you have more stitches and rows than called for in the instructions, you should use larger needles; if you have fewer, use smaller needles. Check your tension again before starting your project.

PROVISIONAL CAST ON (INVISIBLE CAST ON)

Place a loose slipknot on the needle in your right hand. Hold the waste yarn next to the slipknot and around your left thumb. Hold your working yarn over your left index finger.

*Bring the needle forward under the waste yarn, over the working yarn, grab a loop of working yarn (Diagram

1), then bring the needle to the front, over both yarns, and grab a second loop (Diagram 2). Repeat from * until you have the desired number of stitches on your needle. When you're ready to work in the opposite direction, pick out the waste yarn to expose the live stitches.

Diagram 1

Diagram 2

Diagram 1

BACKSTITCH

This is the stitch most commonly used for joining knitted garments. With the right sides of your work together, pin the knitted fabric together with the edges even. The seam should be sewn one full stitch from the end of the row. One stitch should be worked over every row. Thread the yarn needle. Insert the needle through both layers and sew two stitches to the left then one stitch back to the right. Keep stitches at an even distance. Continue working from right to left in this circular motion. (Diagram 1)

TASSELS

Cut yarn twice the length of your desired tassel plus a bit extra for the knot. According to the desired thickness of the tassel, select a number of lengths of yarn. Fold the lengths of yarn in half over a crochet hook. On the wrong side, insert the crochet hook from the front to the back through the edge of the work. Grab the yarn and pull through and tighten. Trim the ends to the same length.

KNOTTED FRINGE

After working a tassel, take one half of the strands from each tassel and knot them with half the strands from the neighbouring tassel. Trim.

CROCHET CHAIN

Make a slip knot on your hook. Pass the yarn over the hook and catch it with the hook and draw it through the loop on the hook. Repeat, drawing yarn through the last loop formed.

DOUBLE CROCHET (DC) (US SINGLE CROCHET SC)

Insert the hook through the top two loops of a stitch. Pass the yarn over the hook and draw up a loop so that you have two loops on the hook (Diagram 1). Pass the yarn over the hook and draw through both loops on the hook (Diagram 2). Continue in the same way, inserting the hook into each stitch (Diagram 3).

HALF TREBLE CROCHET (HTR) (US HALF DOUBLE CROCHET HDC)

Pass the yarn over the hook. Insert the hook through the top two loops of a stitch (Diagram 1). Pass the yarn over the hook and draw up a loop so that there are three loops on the hook (Diagram 2). Draw through all three loops on the hook (Diagram 3).

TREBLE CROCHET (TR) (US DOUBLE CROCHET DC)

Diagram 1

Pass the yarn over the hook. Insert the hook through the top two loops of a stitch (Diagram 1). Pass the yarn over the hook and draw up a loop so that you have three loops on the hook (Diagram 2). Pass the yarn over the hook and draw it through the first two loops on the hook, pass the yarn over the hook and draw through the remaining two loops. Continue in the same way, inserting the hook into each stitch (Diagram 3).

SLIP STITCH CROCHET (SL ST)

Insert your hook into the stitch. Yarn over the hook and draw the loop through the stitch and loop onto the hook.

I-CORD

With double-pointed needles, cast on the desired number of stitches. *Without turning the needle, slide the stitches to the other end of the needle, pull the yarn around the back and knit the stitches as usual. Repeat from * until your work measures the desired length

PICKING UP DROPPED STITCHES

A dropped stitch can be picked up using a crochet hook and don't be put off by stitches that have unraveled several rows down into the work. To pick up knit stitches, insert the crochet hook into the dropped stitch, draw through the bar lying above the dropped stitch and pull it through the loop of the dropped stitch.
